Gordyville USA, Ludlow Coop exhibited at the Midwest AG Expo January 28 & 29, 2009. The AG Expo gives us the opportunity to meet our customers and

prospects and showcase products and services that we offer. This year we had Kent Feeds, Purina Mills and Dairyland Seed featured at our booth. We had another successful show manned by Ludlow Coop employees and presented many opportunities for our customers to take advantage of the services and products at Ludlow Coop.

Enclosed with this brochure is your patron grain statement. [The information on this statement pertains to your grain account as of 2:00 p.m. January 30, 2009.](#) We are sending this information to you in order for you to double check your records to ours. The statement details your grain that is on open storage/delayed pricing/hold etc. Also included on the statement are the open contracts of grain you have sold through Ludlow Coop for future deliveries or to be applied to your bushels that are in the elevator already. The dates are shown by month and year for the delivery period of the contract in which the grain was sold. For example, if you have sold grain for 2009 harvest delivery the dates are shown as 10/1/09-11/30/09. For location number references please look at the back page.

**GRAIN IN THE ELEVATOR AND OPEN CONTRACTS.**  
*When you look at your grain statements the bushels in storage or on delayed pricing are NOT reduced by any existing contracts for future delivery periods. We cannot apply grain sold for a future delivery period until the 1st day of that delivery period. For example, if you put 10,000.00 bushels in storage at harvest and have 5,000.00 bu sold for August your statement as of today will show 10,000.00 bushels storage and an open 5,000.00 bushel August contract.*

*We are asking that patrons please look over the statements and if you find any errors please contact our Buckley/Ludlow/Danforth offices immediately! Please do not wait until a later date.*

Thank you for your assistance,

Office Staff
